Ordering Period: Sept 2014 – Sept 2024

IDIQ Multiple-Award Contract

Task Order Types: FFP, T&M, Cost, Hybrids

About GSA's OASIS IDIQ Contract Vehicle

OASIS is a government-wide, multiple-award, Indefinite Delivery Indefinite Quantity (IDIQ) contract vehicle that offers flexible and innovative solutions for a wide range of complex professional services.

The core disciplines of the contract include:

- Engineering Services
- Research and Development
- Scientific Services
- Program Management
- Management Consulting Services
- Financial Services

Additional Contract Features include:

- Commercial and non-commercial services
- CONUS and OCONUS requirements
- Classified and unclassified services
- Ancillary Support necessary to deliver a total solution, including Labor, Materials, and ODCs
- Designated Best-in-Class (BIC) solution helping agencies meet their spend under management goals

This contract is available to the DoD and all Federal Agencies.

To learn more about our success stories or if you are looking for an experienced partner to help achieve success in your next program, please contact our OASIS Program Manager, Carrie Schori, 703.968.5033

Features of the OASIS GWAC	Benefits of the OASIS GWAC
No maximum task order or ceiling limitations and a five-year base period with one five-year option. Task orders awarded prior to 2024 may extend an additional five years past the IDIQ end date through 2029.	Allows for long-term planning of large-scale program requirements and decentralized ordering
Single solution for complex services in multiple technical areas.	Allows for flexibility of materials, ODCs, and ancillary labor
All contract types, e.g. FFP, T&M, Cost, and Hybrids	Offers flexibility of contract types for optimal risk mitigation
Highest-rated Prime contractors who have competed under rigorous pool qualifications to ensure competency including past experience, past performance, and certifications	Ensuring complex solutions for customers at competitive prices, from experienced providers offering innovative solutions
Easy-to-use contract with streamlined acquisition procedures based on FAR 16.505	Saves time and money by reducing procurement lead time
Task Order Contracting Officer is primarily responsible for evaluation criteria, terms & conditions and/or provisions and clauses, evaluation criteria and method of awards	Eliminates the burden of administrative tasks and posting solicitations with more focus on the task order content.
No protests on task orders \$10M and under	Minimizes protest risk and supports timely order award for optimal mission support
Supports commercial and non-commercial acquisition	No maximum order or ceiling limitations
